PROFESSIONAL EXPERIENCE

MERN Stack Developer / WordPress Developer

Cresurge Pvt. Ltd. (Kadence) | 03 December 2025 – Present

- Develop and maintain web applications and websites using React.js, Node.js, Express.js, MongoDB, PHP, and WordPress.
- Build reusable React components and responsive interfaces; integrate frontend applications with REST APIs and backend services.
- Work with database models, API routes, controllers, and CRUD functionality for dynamic content modules and admin dashboards.
- Integrate enquiry forms, email services, and third-party APIs; troubleshoot API, CORS, and production deployment issues.
- Support website performance, SEO, responsive design, cross-browser compatibility, testing, and production releases.

Freelance WordPress & MERN Stack Developer

Self-Employed | October 2023 – November 2025

- Delivered WordPress websites, custom themes/plugins, dynamic templates, and client-specific website functionality.
- Built responsive React interfaces and worked on Node.js/Express APIs and MongoDB-backed application features.
- Customized WooCommerce product pages, checkout workflows, and payment gateway integrations.
- Managed third-party integrations, website migrations, backups, hosting, deployments, SEO, and performance improvements.
- Worked directly with clients to clarify requirements, deliver solutions, and provide technical support.

REETARANI SAMAL
